

Host Site: Legal Aid of Wyoming

Project: Wind River Reservation Fellow: Hotline Development

Location: Lander, WY (the office serving Wyoming's Wind River Reservation)

Description of Fellow Project:

Legal Aid of Wyoming, Inc., in close collaboration with the Eastern Shoshone and Northern Arapaho tribal councils, is expanding legal support and services on Wyoming's Wind River Reservation. A Rural Summer Legal Corps Fellow would assist us in this process. The "Wind River Reservation Fellow: Hotline Development" will play a key role in establishing a new legal services hotline targeted to meet the specific needs of the Eastern Shoshone and Northern Arapaho Native American callers seeking legal referrals and guidance related to both criminal justice (misdemeanor) and civil matters. The Fellow will also have the opportunity to provide direct legal services to clients.
