

Host Site: West Tennessee Legal Services, Inc.

Topic of Project: Re-Entry & Expungement

Location: Jackson, TN

Description of Fellow Project:

The Fellow will provide education, outreach, and direct legal assistance to low-income and vulnerable West Tennesseans reentering society after being incarcerated. Increased collaboration and focused outreach with government agencies and partner nonprofits in the rural communities in our service area will help vulnerable West Tennesseans obtain legal solutions as they reenter society. The Fellow will work with the government agencies in our service area to expand the framework for expungement clinics. In addition to developing resources, expanding clinics, and educating partner nonprofits, the Fellow also will provide direct services to clients at the clinics.
